

PRANJAL VERMA

+91 933-616-0893 ◇ Lucknow, India ◇ pranjal1772004verma@gmail.com ◇ [Github](#) ◇ [Linkedin](#)

SUMMARY

Computer Science graduate with a strong foundation in Python, Data Structures, AI system development and problem-solving, with a keen interest in Generative AI and intelligent systems. Experienced in developing practical projects and eager to build scalable software and AI-powered solutions in a collaborative environment.

EDUCATION

BTech CSE (Scholarship - 50%), Amity University, Uttar Pradesh (GPA: 8.63 CGPA)	2023 - 2027
Intermediate, City Montessori School, Lucknow (Percentage: 93.25%)	2022 - 2023

SKILLS

Languages	Python, Java, C++, C, Javascript, HTML, CSS, SQL
Technologies	Machine Learning, Generative AI (LLM, RAG, Prompt Engineering), REST APIs
Frameworks	FastAPI, LangGraph, CrewAI, React(basic), SQLAlchemy(ORM), FastAPI
Tools	Git, Github, VS Code, Supabase, ChromaDb
Soft Skills	Time Management, Teamwork, Communication, Problem Solving, Leadership, Focused

PROJECTS

AI-Powered Hospital Triage and Appointment Management System [GitHub](#)

- Built an AI-powered hospital triage system to predict diseases from symptoms, generate triage analysis, and issue doctor appointment tokens based on severity of disease.
- Tech Stack: Python, Flask, Gemini-API, ReactJS, REST API.

AI Powered Job Recommendation and Resume Analysis Platform [GitHub](#)

- Developed an AI system for semantic job matching and career recommendations using LLMs.
- Implemented embedding-based job ranking, skill-gap analysis and AI-generated roadmaps.
- Tech Stack: Python, FastAPI, LangGraph, Groq (LLaMA 3), Gemini Embedding 2, Supabase, ReactJS, NLP.

Agentic AI Research Assistant using Multi-Agent Systems [GitHub](#)

- Developed a multi-agent research pipeline using CrewAI that autonomously retrieves, processes, and analyzes relevant research papers from diverse sources based on user-provided queries.
- Python (CrewAI), Groq API (LLaMA 3.3 70B), ChromaDB, Semantic Scholar API, RAG, Multi-Agent Systems.

CERTIFICATION

Supervised Machine Learning: Regression and Classification Learned key ML algorithms. [Certificate](#)

Advanced Learning Algorithms: Developed skills in building and training neural networks. [Certificate](#)

Web Development (University of California): Gained foundational skills in web development. [Certificate](#)

Python Basics (University of Michigan): Covered Python fundamentals. [Certificate](#)

ACTIVITIES AND ACHIEVEMENTS

- Winner of the Web Development Hackathon.
- Volunteer in the College Tech Club and FOSS United Lucknow.
- Placement Coordinator: Coordinated preplacement training and other related activities.
- Peer Mentor: Guided juniors to identify academic goals and create a roadmap to achieve the same.
- Class Representative: Facilitated synchronized activities between students and academic faculties.
- Hobbies: Beatboxing, SpeedCubing, Ukulele.
